The Journey is One

The journey is one, the travellers are many.
A sign of our shared journey:
The scallop shell:
its grooves converge at a single point.
Its presence disturbs me with joy
and a sense sublime
of something deeply interfused:

a motion and a spirit
that impels all thinking things,
all objects of all thought
and rolls through all things.

Being is one, its appearances are many.
We are one.

William Wordsworth, Rupert Spira
